**Subject: Drug and Alcohol Advisory Committee 2019 Funding Recommendations**

**Recommendation:**

Approve the City's Drug and Alcohol Advisory Committee recommendation for funding in the total amount of \$12,165 for substance abuse programs in 2019.

**Background:**

In the 2019 Budget, the City Council approved funds in the amount of \$50,000 for substance abuse programs to be paid from the Drug and Alcohol Fund. In December, the Drug and Alcohol Committee sent applications to all agencies who were awarded funds in 2018 as well as others who requested applications. The total amount of funds requested for 2019 from the applications received was \$12,165.

**Discussion:**

The Drug and Alcohol Advisory Committee recommends awards for 2019 as listed below.

Following are descriptions of the programs which are recommended for funding.

**Agency/Program**

**Description of Program**

Clark Middle School

The 7<sup>th</sup> & 8<sup>th</sup> Grade At-Risk Interventions and Rewards Program helps students develop the skills and work habits necessary to graduate high school. This includes working with the students on positive lifestyle choices outside of school, avoiding drugs and alcohol, and resisting peer pressure. The program involves a rewards system in which students who succeed in maintaining passing grades, demonstrate positive behaviors, and stay drug and alcohol free get to go to Worlds of Fun at the end of the school year. The funding would help pay the cost for at-risk students to attend Worlds of Fun as a reward for succeeding in the program.

Clark Middle School

The Positive Action education program will address a variety of healthy choices to live a drug free life and prepare students to handle social stresses and make wise choices. The program will be taught to 6<sup>th</sup>-8<sup>th</sup> graders.

Project Graduation

This funding will pay for rental of the facility for an after-graduation celebration to provide senior high graduates a drug and alcohol free environment that is safe to enjoy and celebrate their senior accomplishments. With funding from the City for this event, parents and family members who in the past have spent their energy and efforts doing fundraising will now organize and conduct a variety of drug and alcohol programs and activities leading up to graduation night. The primary aim of the activities will be to increase awareness of the dangers of drinking, drugs, and driving and to reduce the number of youth involved in alcohol and other drug-related highway crashes. The parents plan to coordinate with local police, highway patrol, drug and alcohol recovery centers, and community sponsors to provide education and support during the school year culminating with the graduation night event.

Wyandot Center for  
Behavioral Healthcare

This funding will provide a one day Mental Health First Aid (MHFA) training in our community to 35 public safety employees and other community members. MHFA is a national, research-based program designed to provide participants with the tools and skills they need to respond to and help individuals experiencing a mental health crisis. MHFA teaches participants how to provide help in a crisis until mental health professionals arrive and can intervene. It also teaches participants how to recognize the early warning signs of a developing mental illness or substance use disorder and how to provide support.

## PACES

PACES serves youth (ages 3 to 22) with behavioral and emotional needs. These youth are those who face issues including abuse, neglect, or other trauma; acting out at school; anger or aggression; problems paying attention; suicidal feelings; substance abuse; or run-ins with law enforcement.

In addition to the above substance abuse programs, the City Council approved funding for 25% of the salary and benefits of the School Resource Officer (SRO). The SRO provides education in cooperation with USD 204 through the All Stars program as well as through the use of the Fatal Vision Goggles and Drunk Karts. The SRO is a resource available to all students of the district to address issues, concerns, and questions relating to substance abuse, programs, treatment options, and other available resources. The amount funded by the Drug and Alcohol Fund is recorded as a transfer into revenue in the General Fund.

(c) On or before Closing, Buyer shall deliver to the Title Company, in immediately available guaranteed funds, all other costs and expenses that are Buyer's responsibility under this Contract including, without limitation, paragraphs 3 (Title Insurance), 4 (Conveyance), 6 (Recording and Closing Costs), and 7 (Taxes).

3. TITLE INSURANCE. Upon full execution of this Contract, Seller authorizes Buyer, at Buyer's sole cost and expense, to obtain an owner's ALTA title insurance policy (the "**Title Policy**") insuring marketable fee simple title to Buyer in the amount of the purchase price as of the time and date of recordation of Seller's general warranty deed, subject only to the Permitted Exceptions (as defined below). Buyer, as soon as possible and not later than thirty (30) days after the Effective Date of this Contract, shall cause to be furnished to Seller a current preliminary commitment to issue the Title Policy (the "**Title Commitment**"), issued through Secured Title of Kanas City (the "**Title Company**"), accompanied by all documents noted as exceptions in the Title Commitment (the "**Exception Documents**"). Buyer shall pay all premium and other costs for the Title Policy. Because the Property is being acquired through this Contract in lieu of eminent domain except for exceptions noted in the Title Commitment pertaining to Seller's ownership in fee simple of the Property and/or Seller's right to sell the Property, (i) Buyer shall have twenty (20) days after receipt of the Title Commitment and the Exception Documents, in which to notify Seller in writing of any objections Buyer has to any matters shown or referred to in the Title Commitment that specifically pertain to Seller's ownership in fee simple of the Property and/or Seller's right to sell the Property (the "**Title Review Period**"); and (ii) Buyer waives the right to object to any matters shown or referred to in the Title Commitment that do not specifically pertain to Seller's ownership in fee simple of the Property and/or Seller's right to sell the Property. Any matters which are set forth in the Title Commitment and to which Buyer has the right to object pursuant to clause (i) of this paragraph but does not object within said twenty (20) days shall be permitted exceptions to the status of Seller's title to the Property (the "**Permitted Exceptions**"). Seller shall have twenty (20) days after its receipt of Buyer's objections to matters reflected in the Title Commitment to cure such objections (provided, however, Buyer's objections shall be limited to those matters that Buyer is entitled to objections permitted by clause (i) of this paragraph). If Seller does not cure any such objection made by Buyer that Buyer is entitled to make pursuant to clause (i) of this paragraph within such twenty (20) day period, then Buyer may terminate this Contract by delivery of written notice of such termination to Seller, in which event the

Earnest Money together with all accrued interest shall be returned to Buyer.

4. CONVEYANCE. At or before Closing, Seller agrees to properly execute and deliver into escrow a general warranty deed for the Property in a form reasonably acceptable to Buyer, and all other documents reasonably necessary to complete the Closing. The general warranty deed shall convey to Buyer marketable fee simple title to the Property, free and clear of all liens and encumbrances, other than the Permitted Exceptions, zoning ordinances, laws, and taxes and assessments, not yet due and payable. At or before the Closing, Buyer agrees to deliver into escrow by wire transfer, a cashier's check, or guaranteed funds sufficient to satisfy Buyer's obligations under this Contract. Seller understands that, unless otherwise agreed, disbursement of proceeds will not be made until after the Title Company has confirmed that the general warranty deed will be timely recorded and the Title Company can issue the Title Policy with only the Permitted Exceptions.

Notwithstanding the remaining terms and conditions of this Contract, Buyer's obligation to close the purchase of the Property upon the terms provided in this Contract is conditioned upon Buyer's satisfaction that the Seller's warranties and representations set forth in Section 9 below remain true and accurate as of the date of Closing. If Buyer determines that any of such warranties and representations are not true and accurate as of the date of Closing, Buyer may terminate this Contract by delivery of written notice of such termination to Seller not later than the date of Closing, in which event the Earnest Money together with all accrued interest shall be returned to Buyer.

5. CLOSING. Subject to all the provisions of this Contract, the closing of this Contract (the "**Closing**") shall take place at the offices of Secured Title of Kansas City, 2100 Hutton Road, Suite 101, Kansas City, Kansas 66109 on or before March 31, 2019, or such other date as agreed upon by Seller and Buyer, and possession of the Property shall be delivered by Seller to Buyer immediately following the Closing.

6. RECORDING AND CLOSING COSTS. Buyer shall pay all costs and expenses of Closing, including all premiums and fees for the Title Policy and all closing fees due the Title Company. Seller shall not be obligated to pay any costs or expenses in connection with this Contract other than cost of the appraisal previously obtained and paid for by Sellers.

7. TAXES. Seller shall pay all installments of special assessments and general taxes for calendar year 2018 and all prior years. Special assessment installments and general taxes for calendar year 2019 shall be paid by Buyer. Buyer shall assume all taxes and special assessments arising after the date of Closing.

8. DAMAGE. If before the date of Closing any of the improvements on said property are destroyed or damaged by fire, lightning, wind, flood or any cause

whatsoever, Buyer shall have the option of enforcing this Contract or canceling by written notice received by Seller within ten (10) days thereafter. If canceled, the earnest money deposit together with all accrued interest shall be returned to the Buyer.

9. SELLER'S WARRANTIES AND COVENANTS. Seller warrants, represents and covenants to Buyer that the following statements are now, and will at the Closing be, true and accurate:

(a) Authority. Seller has the authority, right and power to enter into this Contract and to consummate the transactions provided for herein.

(b) Other Interests. The Property is not subject to any other lease or sublease, other than as provided in Section 19 below, nor are there any other tenants or parties in possession thereof or any persons or entities claiming possession or any related rights, other than as provided in Section 19 below; and Seller has not granted to anyone any right of first refusal or option (which has not expired or otherwise terminated) to acquire title to the Property or any part thereof or interest therein.

(c) Compliance. Seller has received no notice of any failure of the Seller to comply with any applicable governmental requirements in respect to the use, occupation and construction of the Property, including, but not limited to environmental, zoning, platting and other land use requirements which have not been heretofore corrected to the satisfaction of the appropriate governmental authority, and Seller has received no notice of and has no knowledge of any violations or investigations resulting from any such governmental requirement.

(d) Storage of Pollutants. To Seller's knowledge, there has not been any storage of any pollutants, contaminants, hazardous or toxic wastes in, on or underlying the Property, and Seller has not received any notice from any governmental authority with respect thereto.

Seller has neither stored any hazardous substance (as that term is defined in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as may be amended, 42 U.S.C. 960 et seq.) or toxic materials on, in or under the Property or permitted the Property to be used for storage of the same, nor does Seller have knowledge of any prior storage of hazardous materials or toxic substances on, in or under the Property.

10. SURVIVAL OF WARRANTIES. Notwithstanding any legal presumption to the contrary, the warranties, representations, covenants, statements and indemnities made and expressed in this Agreement shall survive the Closing. Any inspection of the Property by the Buyer shall not be construed as a waiver of any warranty contained in

this Contract.

11. DEFAULT AND REMEDIES. Seller or Buyer shall be in default under this Contract if either fails to comply with any covenant, agreement or obligation within any time limits required by this Contract. Following a default by either Seller or Buyer under this Contract, the other party shall have the following remedies:

(a) If Seller defaults, Buyer may (i) specifically enforce this Contract; or (ii) terminate this Contract by written notice to Seller. If Buyer elects to terminate this Contract, the Earnest Money Deposit together with all accrued interest shall be returned to Buyer upon written demand as Buyer's sole and exclusive remedy.

(b) If Buyer defaults, Seller may terminate this Contract by written notice to Buyer, and retain the Earnest Money together with all accrued interest as liquidated damages as Seller's sole remedy (the parties recognizing that it would be extremely difficult to ascertain the extent of actual damages caused by Buyer's breach, and that the Earnest Money together with all accrued interest represents as fair an approximation of such actual damages as the parties can now determine).

(c) If, as a result of a default under this Contract, either Seller or Buyer employs an attorney to enforce its rights, the non-prevailing party shall, unless prohibited by law, reimburse the prevailing party for all reasonable attorneys' fees, court costs and other legal expenses incurred by the prevailing party in connection with the default.

12. NOTICES. All notices, consents, approvals, requests, waivers, objections or other communications (collectively "**notices**") required under this Contract shall be in writing and shall be served by hand delivery, by prepaid United States certified mail, return receipt requested, or by reputable overnight delivery service guaranteeing next-day delivery and providing a receipt. All notices shall be addressed to the parties at their respective addresses as set forth below, except that any party may, by notice in the manner provided above, change its address for all subsequent notices. Notices shall be deemed served and received upon delivery. A party's failure or refusal to accept service of a notice shall constitute delivery of the notice.

16. REAL ESTATE BROKER: No brokers have been involved in this transaction. Any party to this Contract through whom a claim to any broker's, finder's or other fee is made, contrary to the representations made above in this paragraph, shall indemnify, defend and hold harmless the other party to this Contract from any other loss, liability, damage, cost or expense, including without limitation, reasonable attorney's fees, court costs and other legal expenses paid or incurred by the other party, that is in any way related to such a claim. The provisions of this paragraph shall survive Closing or termination of this Contract.

17. TERMINATION. If this Contract is terminated by Seller or Buyer pursuant to a right expressly given in this Contract, the terminating party shall be entitled to an immediate distribution of the Earnest Money Deposit together with all accrued interest and neither party shall have any further rights or obligations under this Contract except as otherwise stated in this Contract.

18. GOVERNING LAW. This Contract shall be interpreted and enforced according to the laws of the State of Kansas, and shall be construed without regard to any presumption or rule requiring construction against the party causing the instrument to be drafted. Jurisdiction and venue shall lie with the Wyandotte County District Court, Kansas City, Kansas.

19. EXISTING LEASES. Seller agrees to convey title at Closing free of all leases, and with the premises vacated.

20. FIXTURES, APPLIANCES, AND PERSONAL PROPERTY. Seller may remove, at its option and at any time prior to closing, any fixtures, appliances, and items of personal property from the premises so long as it does not impair the structural integrity of the building, or Buyer's ability to demolish the structure. This provision does not include systems incorporated into the structure upon construction, such as plumbing, wiring, and other systems.

Seller shall be permitted access onto the Property and to the premises at any time before Closing for the sole purpose of removing the items permitted to be removed under this paragraph. Seller's presence on the Property and its work performed to remove any of such items shall be at Seller's sole risk and expense associated with the removal of any of such items shall be Seller's expense.

21. INSPECTIONS, STUDIES, AND SURVEYS. Buyer will be given access to the property from the effective date of the Contract through Closing to conduct any necessary inspections, studies, or surveys. Upon reasonable notice, Seller will cooperate with Buyer to provide reasonable access to leased units A & E for these purposes.

22. ENTIRE AGREEMENT. This Contract constitutes the entire agreement between the parties and there are no representations, warranties, conditions, or agreements other than those expressly set forth herein. No other agreement, statements, promise, warranty or representation made by any party to this Contract, or by any employee, officer or agent of any party, that is not in writing and signed by all parties to this Contract shall be binding.
